Know that above all else, a preschooler is a learner. His amazing powers of reasoning and discrimination are awakened through a world of play and imagination. Through home relationships, he learns about love, trust, comfort, and security; through friends he learns to measure himself against a world of peers; and through unconditional love, a child establishes his own unique selfhood. The growth period between ages three and five years is all about learning, and *On Becoming Preschoolwise* is all about helping parents create the right opportunities and best environment to optimize their child's learning potential. Now influencing over two million homes worldwide, trusted parenting authors Gary Ezzo and Dr. Robert Bucknam once again bring their collective wisdom, experience, and insight to bear on this critical phase of preschool training.
