

Fabric for the Designed Interior (Hardback)

By Frank Theodore Koe

Bloomsbury Publishing PLC, United Kingdom, 2007. Hardback. Book Condition: New. Illustrated. 267 x 211 mm. Language: English Brand New Book. Interior designers and architects need to thoroughly understand fabric in order to satisfy clients and effectively meet the requirements of a given space. *Fabric for the Designed Interior* is a comprehensive text for students and professionals, addressing both residential and commercial interiors. The first part of the book places fabric in a historic context, examining its connection to the growth of civilization. Additional topics include sources of early fibers and filaments, yarn construction, carpets and rugs, and the evolving technologies of fabric production. Chapters with a practical orientation provide readers with the tools they need for successfully specifying fabric, dealing with environmental and safety concerns, understanding fabric and carpet care issues, working with bids and contracts, and learning strategies for navigating through showrooms and fabricating facilities. Leading designers, fabric manufacturers, and suppliers weigh in with their experiences, giving readers a clear idea of real-world expectations. Accompanying DVD. The instructional DVD that accompanies the text provides a tour of a 110,000-square-foot mill showing how woven and printed fabrics are produced. The construction of trimming is also featured. The process is tracked from...

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
