

The Kids Book of Everyday Science

By Kelly Doudna

Hachette Children's Group, United Kingdom, 2016. Paperback. Book Condition: New. 216 x 216 mm. Language: English. Brand New Book. Can you move a mug using a balloon? Make a square bubble? Can you turn soap into salt? How much water is in a plant? This book includes 40 simple science activities using everyday items to do experiments about temperature, pressure, water, air, heat, plants and many more. Using everyday items such as balloons, bubbles, plants, potatoes and popcorn, each fun and easy activity includes how-to photos, step-by-step instructions and simple explanations of the science behind the experiments. Supply and tool lists and safety information are included, and tips and extra information are provided to extend and expand the scientific experience. Get kids thinking like scientists in no time at all!

Reviews

A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.

-- **Jada Franecki II**

Here is the very best book i have got read through until now. I could possibly comprehended everything using this composed e publication. You will not sense monotony at whenever you want of your time (that's what catalogues are for concerning should you ask me).
