The Crowood Press Ltd. Paperback. Book Condition: new. BRAND NEW, Railway Modelling Skills, Peter Marriott, Brimming with advice and tips, this well-illustrated book covers a wide range of modelling skills, including designing a layout, choosing the right scale, building baseboards, selecting the right track, controlling the trains, building the landscape, making realistic grass and weeds, and adding figures. Particular attention is paid to more modern techniques such as DCC train control, laser cut and downloadable kits, and the use of hard foam in baseboard construction. Step-by-step explanations of many techniques are provided accompanied by over 400 instructional colour photographs. Moreover, information is provided about the tools and materials required and the extensive range of commercial railway modelling products that are now available.
