

What Handwriting Indicates; An Analytical Graphology

By John Rexford

Theclassics.Us, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****. This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1904 edition. Excerpt: . IV LINES THE author s endeavor is to restrict the use of a few certain words in this book to one meaning each. The word line is one of them. It refers, unless the context indicates otherwise, to the imaginary line, more or less straight, at the base of the letters and on which the letters are supposed to rest. In judging of the direction or contour of lines, their conformation is more easily seen if observed from the left side of the sheet. It is perhaps unnecessary to state again that preferably the specimen for examination should be on unruled paper. If ruled paper has been used, no deductions had best be made from the lines unless the writer has totally disregarded the ruling. At best, too much dependence cannot be placed on the lines, especially if they are very straight and...
