EAT YOUR TITHE

[DOWNLOAD](#)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. Large Print. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. This book will provide an in depth explanation of the different types of tithes using the frequency of their payments to draw the distinctions amongst them. Many authors explain so many different tithes in the bible even when the bible itself is not explicit in those definitions. This is problematic as it tends to muddy the waters. It brings more confusion into this subject. I will however keep it as it is written in the bible and will draw a distinction between only three tithes being: the tithe of every year, the tithe of the third year and will conclude with the voluntary tithe. There will be no Hebrew nor Greek interpretations necessary because it is my view that the Bible we carry every Sunday to Church is sufficient in meaning, it does not need any additions. If people take issues with NIV as well as KJV, they must take these up with the Bible translations board. We use these Bibles every day of our lives and we regard them as true in all aspects of life. I will also touch on a number of other topics that will help make interpretation of the bible as well as this book easier. I will treat some topics to broaden our perspective.
