Reviews

This publication is worth getting. it was writtarn really flawlessly and valuable. Its been designed in an exceedingly easy way and is particularly only right after i finished reading this ebook through which in fact altered me, affect the way i believe.

(Lester Ebert)

SPORTSMAN S CABINET: OR, A CORRECT DELINEATION OF THE VARIOUS DOGS USED IN THE SPORTS OF THE FIELD: INCLUDING THE CANINE RACE IN GENERAL, CONSISTING OF A SERIES OF ENGRABINGS OF EVERY DISTINCT

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Sportsman s Cabinet: Or, a Correct Delineation of the Various Dogs Used in the Sports of the Field: Including the Canine Race in General, Consisting of a Series of Engravings of Every Distinct Breed, From Original Paintings, Taken From Life The animal passing under this particular denomination, is the largest and most powerful of all the different sizes an gradations so generally known by the sporting and distinguished appellation of hounds. As he is the highest in estimation, so is he the most majestic and commanding in his aspect; having a countenance of expressive dignity, so blended with every trait of instinctive mildness, that it forcibly impresses upon the reflecting mind a strong idea of gentle and attracting solicitation. In respect to the origin of this distinct part of the species, it has been asserted, by naturalists of the first celebrity, and whose opinions are the most to be relied on, that the hound, harrier, turnspit, water-dog, and spaniel, may be considered as originally of the same race; the figure, and nearly the instinctive properties of these being mostly the same, as they differ only in the length of their legs and the size of their ears, which are, however, in all of them long, soft, and pendulous. The hound and harrier are, with a great degree of reason, conceived to have been natives of Britain, France, and Germany, as they have been perceived to degenerate when transported to warmer climates.
