Over the last 50 years African Americans have heard many speeches, read many books, and attended the marches and protest rallies; however, the descendants of African slaves are as dysfunctional as ever. Our people and our communities are suffering more and more from black-on-black crime, drug abuse, violent gangs, illiteracy, high drop-out rate, low college entry rate, lack of spiritual development and a host of other maladies that contribute to the continued marginalization of the African American. The Black-print is a book with a bold and comprehensive plan that promises to empower the descendants of African slaves to control their own destiny. Chapter Three deals with what I believe are the five major entities or institutions that lay obstacles to our path towards wealth, prosperity and respect. These entities and...
